MEMORANDUM FOR: Deputy Director for Administration

FROM: Bruce T. Johnson
Director of Data Processing

SUBJECT: ODP Weekly Report for Week Ending
31 January 1980

SAFE

Representatives of the Consolidated SAFE Project Office [REDACTED] facility from 21 - 25 January to conduct the System Requirements Review and the Monthly Progress Review. The Requirements Review encompassed discussions of proposed changes to the System Requirements Specification draft submitted [REDACTED] in December, and the Consolidated SAFE Requirements Document. Of 517 actions considered during the Review, 297 were resolved, 20 were found to require contractual changes and 200 require additional action by [REDACTED] CSPO before they can be resolved. Following the resolution of these actions, this specification will be baselined and used as the basis for the system design. The Project Plan and Management Plan were also reviewed with the Government proposing 69 changes. The resolution of these changes will result in the publication of a revised Project Plan and Management Plan. [REDACTED]

ADSTAR

On 29 January the ADSTAR COTR briefed representatives of DDO on their ADSTAR System and demonstrated the Film Storage Module and the User Workstation. [REDACTED]

TADS

The execution of the formal acceptance test began on 28 January. More than half of the procedures have been executed. The testing should be completed by Friday, 1 February 1980. [REDACTED]

Support to OER

OERU - Processing for the USSR/Eastern Europe Division. The FORTRAN programs used by the Bureau of Census to model and project [REDACTED] in the USSR have been modified to run on ODP computers. [REDACTED]

Support to OP

PERSIGN - Integrated Personnel Management Information System. We have received verbal acceptance of the PERSIGN, STAFFING, and PERSTEP systems from the Office of Personnel Policy, Planning, and Management. Written acceptance is forthcoming. The most realistic date for written acceptance of PERSIGN continues to be 9 March 1980. [REDACTED]
